

DISABLED PARKING & ACCESS

One **disabled parking space** with an access aisle is available in the parking lot adjacent to the north-facing side of our building. Once parked, it is only a few yards to our front door on Orange Avenue, which is wheel-chair accessible. Please do not attempt to enter the side door near this parking space: this is not a guest entrance!

To find this parking spot when headed north on Orange Ave (away from Magnolia and towards Princeton), you will take a right into the first opening after you pass our front door.

To find this spot when headed south on Orange Ave (away from Princeton and towards Magnolia), you will take a left just before our building - use the large black "For Rent" sign on the north-facing wall of our building as a landmark.

CONTINGENCY PLAN

As this parking space is shared by patrons of all tenants in our building, there is a chance it will not be available. Please feel free to park in either of the two spots reserved for "Ethos Vegan Kitchen."

If you are unable to park in the disabled parking or Ethos parking in this lot, you will need to park in the street parking on Orange Avenue or Alden Road, or in the public parking lot near the intersection of Orange Avenue and Highland Drive, approximately one block closer to Magnolia than our building. If possible, please consider unloading any distance-sensitive passengers while in this parking lot before moving your vehicle to its final parking location.
